Danny was a gifted carpenter, bowler, pool player, and in the 80's played a good game of Pac-man. He got me my first job as a carpenter, and we worked together many times since. He did what he could to be a good father figure and friend to me. His memories will remain with me throughout my lifetime.

“ *In his prime, Danny was a skilled carpenter. I was impressed that he built a two-car garage at my Sister's home in Hastings, NE by himself. Not many can do that ... RIP.*
